Location: 60XX Preston-Fall City Road

DPER Staff: Fred White, Site Development Specialist
DPER Staff Phone No.: 206-477-0363
E-Mail Address: Fred.white@kingcounty.gov

Project Description: Hard rock quarry. Includes blasting, sorting, crushing, processing, load-out and sales of various sized rock products.

Zoning: M

The Department of Permitting and Environmental Review (DPER) is conducting a periodic review of the Raging River Quarry as required by KCC 21A.22.050. All extractive and processing operations are subject to a review of developmental and operating practices at five (5) year intervals. Periodic review shall be used to determine that the site is operating consistent with the most current standards and to establish other conditions as necessary to mitigate identifiable environmental impacts. DPER invite comments from the public on the ability of this site to meet grading permit conditions and operate the pit in an environmentally responsible manner. The comment period has been extended to **September 22, 2016**. Comments related to on-going operations that were received by the department during the public comment period for the proposed expansion will be incorporated into this periodic review.

This operation will be reviewed for consistency with applicable County codes, KC Surface Water Drainage Manual and any applicable regulations.

Any person wishing additional information on this proposed project should contact DPER at the address and/or telephone number listed below. You may review the application and any environmental documents or studies in our Renton office. NOTE: To request this information in alternative formats for people with disabilities please call 206-296-6600 or TTY Relay: 711.
